

AMERICAN CAR IS IN TONOPAH

**Arrived in
This City
Last Night
At 11:15**

Great Demonstration in Honor of Men Who Are Driving American Machine on to Sure Victory.

Telegrams From Various Sections of the Country Show Great Interest in the Position of Cars.

Departs for Goldfield This Morning At 7 o'clock

W. W. Booth, Grant Crumley, Sam Haas and Shorty Kutzkau Are Thanked by Driver Schuster for their Timely Assistance.

The great American car arrived in Tonopah last night at 11:15 o'clock, and was immediately announced to the city by the piercing blasts of the Extension mine whistle. The car at once drove up to the Bonanza office, where it was viewed by thousands who had remained up to witness its arrival. The greeting tendered the car and its occupants by Tonopah was an enthusiastic one, cheer after cheer being given with true American patriotism. Colored lights had been strung along Brougher avenue and there the crowd welcomed the racing party. In the car were George Schuster, chief engineer; Harold Brinker, driver, and Charles Duprez, photographer of the New York Times, who will accompany the party to San Francisco.

That the car is now in Tonopah and not stranded out on the desert, miles from any town, or telegraph or telephone service, is due to the true patriotism of W. W. Booth of the

Bonanza, Grant Crumley of the Nevada Club and Sam Haas of the Butler theater, who, shortly after midnight Thursday, chartered a powerful Simplex machine, driven by that king of drivers, "Shorty" Kutzkau. At Stone Cabin, about fifty miles from here, they met George Schuster, the engineer, who had ridden horseback twenty-six miles from Twin Springs, where the car had broken down, in search of relief. Schuster reported that the machine had completely stripped the running gear and a new gear would be necessary before it could proceed. Upon receipt of this news, the relief party, with Schuster aboard, immediately came back to Tonopah, arriving here at 5 o'clock. The part needed was taken from one of the various Thomas machines here, and again the party, with Schuster, set out for the disabled machine. They arrived there at noon and immediately Schuster and Brinker set to

work to install the new gear. The relief party returned to Tonopah at 5 o'clock, and as soon as the machine drew up before the Nevada Club it was besieged by hundreds who were curious to know when the racer would arrive and the extent of the injuries the machine had received. All questions were answered and the public notified as to when the car was expected.

During the afternoon several parties in autos started for the springs, but failed to complete the journey. In the evening the Bonanza special left at 8:30 o'clock, going as far as Hannapah in order to meet and escort the party into Tonopah, but failed to intercept them.

The American car and party will leave this morning from the Bonanza office at 7 o'clock for Goldfield, where they will also meet with a royal welcome.

William McClure Gotwaldt, who arrived from Goldfield last night,

STATEMENT OF GEORGE SCHUSTER.
"Had it not been for the timely arrival of the Daily Bonanza relief auto it would have meant the loss of several days' time for the Thomas Flyer. It seemed to me like a boon from heaven when they met me at Stone Cabin. I had ridden on horseback for twenty-eight miles and would have had to go for two days more before receiving assistance. You can count me as being under the greatest obligations to your Messrs. Crumley, Haas and W. W. Booth of the Bonanza."

stated that five autos will be here this morning to escort the Flyer to Goldfield.

Where the Remaining Autos are Located and Their Condition

(By Associated Press.)
OMAHA, Neb., March 20.—The last of the racing autos in the New York to Paris race passed through Gothenburg, Neb., at 10 o'clock this morning. The first French car passed through early this morning on the way to Cheyenne, which is 100 miles west of Gothenburg.
The German car is bringing up the rear at Ogalla, Neb.
The second French car is on a fast freight train, bound west.
The Italian car was stranded at noon today, owing to lack of gasoline, almost on the summit of the Wasatch mountains, which are located in Spring Valley, Wyoming. A new supply of gasoline has been ordered from Green River.
The Union Pacific railroad has issued an order preventing the racers from using the tracks of the railroad, and the Italians cannot go through the Aspen tunnel as expected, but must go over the very summit of the mountains.

WOODBURY IS TO ENTER PLEA

(By Associated Press.)
CARSON, Nev., March 20.—Tomorrow morning J. P. Woodbury will be called to plead to an indictment against him as director in the State Bank and Trust Company. He is charged with receiving deposits, knowing the bank was insolvent. His attorney stated that he will show that he was in New York three weeks before the bank suspended payment and had no knowledge of its insolvency.

LOS ANGELES GIRL ATTEMPTS SUICIDE

(By Associated Press.)
LOS ANGELES, March 20.—Ruth Sargent, the 13-year-old daughter of W. S. Sargent, a local contractor, shot herself in the breast with a revolver in the yard of the San Pedro street public school this afternoon. The act was committed in the presence of a number of pupils. At the hospital, where the wounded girl was taken, it was said that while the patient's injury was serious, there is a good chance for her recovery. The girl's father says her attempt at suicide resulted from a breakdown due to overwork during school hours.

GOOD MEDICINE FOR BAD ROBBER

(By Associated Press.)
SPOKANE, Wash., March 20.—William Cassidy, leader of a gang of robbers who held up several street cars in Spokane last month, pleaded guilty today to a charge of robbing S. H. Wardell. Cassidy was sentenced to serve from one to twenty years in the Walla Walla penitentiary. The same penalty has already been imposed on his three companions in crime.

INSTRUCTED FOR CANNON.
SALEM, Ill., March 20.—The Republicans of the Twenty-third Illinois district today selected delegates to the National convention and instructed them to vote for Joseph Cannon for the Presidential nomination.

CALIFORNIA CALLS DIRECT PRIMARY

(By Associated Press.)
SAN FRANCISCO, March 20.—General George Stone, chairman of the Republican State Central Committee issued a call for a meeting of the executive advisory committee of that body to take place tomorrow afternoon. The object of the meeting is to consider the matter of holding an unofficial or direct primary at which electors will be given an opportunity to express their choice for President of the United States. The original recommendation of the State committee was that a direct primary be held March 2d, the date of the regular primary being May 5th. Communications were received from interior counties of the State expressing a desire that both primaries be held on the same day. It is understood a resolution has been prepared and will be presented at a meeting, providing a compromise by which both primaries will be held on May 5th.

NINETY DAYS IN COUNTY JAIL

Frank Martinez, a Mexican vag, appeared in Judge Brissell's court yesterday afternoon, and was sentenced to ninety days in the county jail. Martinez has been hanging around town for some time and several days ago he asked a tamale peddler for a quarter and upon being refused chased the peddler with a knife, but was overpowered before he had done any damage.

KILLED WIFE, SISTER AND SELF

(By Associated Press.)
GLOBE, Ariz., March 20.—Jerry Enright this evening shot and fatally wounded his wife, and her sister, Clara Dalzon, who died an hour later. He then committed suicide by shooting himself through the head. Miss Dalzon was sitting on the porch when Enright approached from the rear, shooting her in the back. The man then turned the revolver on his wife, shooting her twice. He then calmly reloaded the weapon and shot himself above the right ear. Enright, who had been separated from his wife about six months, frequently threatened to kill his wife and her sister, alleging that the sister alienated the wife's affections. The man had just been released from jail upon the request of his wife, where he had been incarcerated in default of a peace bond.

GUILD'S CONDITION REMAINS CRITICAL

(By Associated Press.)
BOSTON, March 20.—The condition of Governor Guild remained extremely critical tonight, though there has been little actual change since last evening. His physician, Dr. Frederick Winslow, stated that the governor's condition is unchanged, that he was holding his own well. This afternoon the police closed the traffic on that part of Marlboro street on which the Guild residence is located, so that the noise of teams would not reach the governor's chamber. Prayers for the recovery of the chief executive were offered by the chaplains of the Senate and the House and in several churches today.

RICH STRIKE ON LADD MOUNTAIN

(Special to the Bonanza.)
RHYOLITE, March 20.—Leasers of Ladd Mountain today made a strike that for richness exceeds anything in this district. A vein six inches wide was opened up and already a ton of ore has been taken out which runs \$1 a pound. The owners of the mine have been flooded with requests for leases.

RAWHIDE WILDLY EXCITED

TWO INCHES OF ORE THAT GOES \$8000 A TON IS UNCOVERED.

(Special to the Bonanza.)
RAWHIDE, March 20.—One of the most phenomenal strikes in the history of this great camp has just been uncovered on the Johnson and Suggen lease on the Roseberry No. 1. At the sixty-foot level a two-inch streak of ore that goes \$8000 to the ton was found. The entire camp is in a state of wild excitement.

ABRUZZI WANTS KING'S CONSENT

(By Associated Press.)
ROME, March 20.—The Duke of Abruzzi is returning to Rome, according to a report in circulation tonight, to obtain the full consent of King Victor Emmanuel to his marriage with Miss Katherine Elkins, daughter of Senator Stephen Elkins of West Virginia. Although a confirmation of the report is lacking, the fact that no official denial was given out here and a statement made at Washington that the Duke would again visit America in the near future, seems to lend considerable weight to it.

CRUISER TOWS DISABLED SHIP

(By Associated Press.)
PERNAMBUCO, March 20.—The United States cruiser Chicago, which is on its way from the Pacific coast to the Atlantic, entered the harbor today, having in tow the disabled Australian steamer Bohina, bound from Hull for Buenos Ayres. After dropping the tow, the Chicago saluted the port, and again put to sea.

Japan Will Play Host to American Fleet

(By Associated Press.)
WASHINGTON, March 20.—The American fleet of battleships is to visit Japan. The desire of the emperor of the island kingdom to play host to the fleet was laid before Secretary Root yesterday by Baron Takahira, Japanese Ambassador. Secretary Root was directed to accept. It is regarded as probable, in official circles, that China will be the next to bid for a look at the fleet; that should this be the case the invitation would be accepted. Secretary Metcalf and Admiral Pillsbury, chief of navigation, are arranging the details for the new itinerary. With the exception of China, it is determined that all other invitations, should any be received, will be declined, for at the best the fleet will not now be able to reach the Atlantic seaboard before the first of March next.
The itinerary, which seems to be the most direct, includes stops at the Hawaiian Islands, Samoa, Melbourne, Sydney, Manila, Yokohama, and possibly a Chinese port, back to the Philippines, then home by way of the Suez canal, with only such stops as are necessary for coaling.
The fall target practice is planned to occupy a month in Manila, either before or after the visit to Japan.
Japan will have the ships a week, according to tentative plans, while stops at foreign ports so far have been made on an average of ten days' duration.

BRADSTREET AND DUN REPORTS

(By Associated Press.)
NEW YORK, March 20.—Dun & Company's review will say tomorrow: "Trade reports indicate a little more activity and the percentage of idle machinery decreases, but more reductions in wages and dividends show that the process of readjustment will take some time."
Bradstreet's will say tomorrow: "An improvement in sentiment and the actual demand continues, but proceeds under the checked rein of conservatism which limits buying to small lots of staple goods. About 80,000 mill hands in New England have had their wages reduced in the past ten days. The soft coal strike scheduled for April 1st appears most remote, owing to conciliatory talk. The business failures in the United States were 228, against 278 last week. Canadian failures number 38, against 31 a week ago."

WAGE REDUCTION.
FITCHBURG, Mass., March 20.—A ten per cent wage reduction is to go into effect at the cotton mills of the Park Hill Manufacturing Company here on March 25th. Eleven hundred hands are affected.

WEALTHY MAN ON MEAGER DIET

(By Associated Press.)
VANCOUVER, B. C., March 20.—Charles Hendricks, owner of \$100,000 worth of property at Vancouver, was sentenced today to six months at hard labor without the option of a fine, for renting a building to women of ill-fame. This afternoon Hendricks refused to work on the chain gang breaking stone, and was immediately placed in a dark cell, where he will be kept on a bread and water diet.

WAS UNCERTAIN SPECULATIVE TONE

(By Associated Press.)
NEW YORK, March 20.—The only motive power in the stock market today seemed to be shifting operations of professional traders. This element acted without any show of fixed conviction, changing position many times throughout the day. The speculative tone was one of uncertainty and instability until a brisk advance in the final hour. Bonds were steady.
